Just a few days shy of her 16th birthday, Maisersquo;s monotonous life on her familysquo;s horse hacking farm is turned upside down. Something evil is spooking the horses and threatening her family. Maise is plunged into a strange world of legend, where people are not what they seem and dark, unseen forces are fighting to destroy her. Maise needs to figure out who she can trust, and what she can achieve - if she harnesses her power and special gifts - and how to triumph over the evil in her quiet New Zealand valley. Where have all the horses gone? What is the carefully kept gatekeeperrsquo;s secret and what does it have to do with the disappearance of her beloved father all those years ago? Maise must answer these questions and destroy the curse that has haunted her family for generations before she can ever hope to see her family home again.
